Address—His Excellency, W. Kerr Scott, Governor of North Carolina

4-H Talent Show—4-H Club Members

Recreation and Entertainment

## FARM MACHINERY AND MECHANIZATION DAY

THURSDAY MORNING

*Power Farming for North Carolina*

J. C. Ferguson, In Charge

9:30-12:00 o'clock—

This phase of the program (to be held outdoors) is planned toward directing farmers in the orderly procurement and efficient utilization of power equipment. Machinery requirements for various sizes and types of farms will be discussed, emphasizing the impact of mechanization on farm economy and the many benefits as well as problems associated with the transition in North Carolina.

Complete displays of all items of equipment required for three sizes of farms ranging from 30 to 300 acres will be set up in the area for inspection.

Commentary directed by a popular radio commentator with the assistance of Farm Machinery Representatives and Agricultural Research and Extension personnel will answer many of the current questions associated with farm mechanization in North Carolina.

## THURSDAY AFTERNOON

*What's New in Farm Machinery and Mechanized Practices*—J. C. Ferguson, In Charge

2:00-4:30 o'clock—

This portion of the program will deal with newly developed items of farm machinery, spotlighting a limited number of recent innovations in labor saving machines and mechanized practices contributed by industry and the Agricultural Experiment Station.

Selected items of equipment and recommended practices will be demonstrated insofar as conditions will permit.

A concurrent commentary answering questions from the audience will supplement the demonstration.

(Equipment for this program was made possible through the courtesy and cooperation of machinery manufacturers and dealers.)

THE NORTH CAROLINA  
FEDERATION OF  
HOME DEMONSTRATION CLUBS  
TWENTY-SIXTH ANNUAL MEETING  
THURSDAY MORNING

COLISEUM

Mrs. H. M. Johnson, President, Presiding
